[1] Tested in accordance with ISO/IEC 19798 testing methodology. Yields vary with usage and environmental conditions.
[2] Print speed quoted refers to A4 or A3 (respectively) simplex (single-sided) page using default print mode (1200 dpi). Actual print speed may vary depending upon system configuration, software application and document complexity
[3] For details on energy efficiency of Energy Star qualified products, refer to: http://www.energystar.gov
[4] Meets the requirements of the EU Directive on the Restriction of the use of certain Hazardous Substances (RoHS) dated 27 January 2003.
[5] Service may be provided by third party. Technician will be dispatched if necessary following phone-based troubleshooting. Subject to parts availability, geographical restrictions and terms of service contract. Service timing dependent upon time of day call placed to Dell. Defective unit must be returned. Replacements may be refurbished.
[6] Tested in accordance with ISO 7779 and reported in accordance with ISO 9296, *Acoustics - Declared noise emission values of computer and business equipment.*
[7] The Typical Energy Consumption value is derived from printer energy consumption specifications combined with typical business printing usage for this model. The midpoint of the Typical Monthly Print Volume is assumed to be printed at 30 minute intervals across a 10 hour business day (0800-1800), 5 days per week. A mixture of 50% mono: colour is assumed. The printer enters standby mode when the print job is complete, and enters sleep mode after the default period. The printer is assumed to remain in sleep mode at all other times including two weekend days. Energy consumption will be further reduced if the printer is powered down when not in use for long periods. Actual energy consumption will vary according to print volume and usage patterns.

DELL™ 7130cdn COLOUR PRINTER

BRING BRILLIANT, PROFESSIONAL QUALITY, A3 COLOUR PRINTING IN-HOUSE WITH THE DELL 7130CDN COLOUR PRINTER

PROFESSIONAL COLOUR PRINTING - POWER PERFORMANCE

The Dell 7130cdn Colour Printer can produce brilliant colour prints at an impressive 35 A4 or 20 A3 pages per minute (ppm) in both mono and colour. The 7130cdn delivers crisp text quality and brilliant colour printouts with true 1200 x 1200 dpi print resolution and PANTONE® certified colours. Dell's innovative image and colour enhancement tool provides easy yet professional manipulation of colour saturation.

EXCEPTIONAL LONG-TERM VALUE

You can save time and money by printing in-house with the Dell 7130cdn. The Dell 7130cdn is equipped with a 1 GHz high-performance processor and 512 MB RAM. First Print Out Time (FPOT) is as fast as 6.5 seconds in both mono and colour. True black mode printing allows you to minimise unnecessary depletion of the colour drum. And you can manage your printing costs even more with ColourTrack, which lets you control user access to colour printing.

DIVERSE PRINTING OPTIONS

The 7130cdn comes standard with duplexer for two-sided printing and has numerous printing options ideal for printing brochures, newsletters, and reports. Printing features include heavy media handling up to 250 gsm cover stock from the multi-purpose drawer, RAM collation, scaling, watermarks, cover pages, separation pages, N-Up printing, and much more. An additional 500 sheet paper drawer and 1500 sheet high-capacity feeder drawer are available, enabling less frequent paper refills and easy access to different types of media. An optional wheeled stand provides storage for a complete set of toner cartridges.

OUTSTANDING RELIABILITY

Experience peace of mind with the Dell 7130cdn, which is designed to handle the most difficult print jobs with ease. The robust maximum monthly duty cycle of up to 150 000 pages per month, high-capacity black and colour toner cartridges that help reduce the need for user intervention, and the standard 12 months Next-Business-Day On-Site Service After Remote Diagnosis[5] are just some of the features that make this printer a reliable partner for virtually all your printing jobs.

DELL™ 7130cdn COLOUR PRINTER

PRODUCT BENEFITS

OUTSTANDING COLOUR PRINTING

The Dell 7130cdn colour printer with ColourbyDell produces brilliant, professional-colour print quality. The Dell 7130cdn delivers exceptionally sharp and crisp text and printout colours are PANTONE® certified for accurate, professional-quality colour reproduction. A sophisticated new LED-based print engine design and new toner formulation delivers higher gloss finish on coated paper and more saturated colour reproduction.

AN IMPRESSIVE PERFORMER IN COLOUR OR MONOCHROME

Dell's first A3 colour printer lets you print at speeds of up to 35 A4 or 20 A3 pages per minute (ppm) in colour or mono at a true resolution of 1200 x 1200 dpi.

EXPANDABLE PRINTING OPTIONS

The 7130cdn is built to expand with your business. Create professional collaterals in-house with diverse printing options such as duplex printing, A3 booklet printing and collation, and the ability to handle heavy paper (250 gsm cover). You can add optional paper drawers, memory, hard drive, and a printer stand with castors to store supplies.

ORDER SUPPLIES ONLINE

LOW TOTAL COST OF PRINTING

The Dell 7130cdn's consumables help keep costs in check. High-capacity black and colour toner cartridges deliver a low printing cost per page. A built-in duplexer means you can print on both sides, which together with an in-driver print mode allows you to print multiple pages on one sheet of paper, reducing your paper costs.

SOLID WARRANTY AND EXCEPTIONAL SERVICE

Should something go wrong, Dell's standard 12 months Basic Next Business Day On-Site Service After Remote Diagnosis[5] can help get your 7130cdn up and running again promptly. Protect your investment even longer with an optional hardware warranty extension for up to four additional years.

ENVIRONMENTALLY CONSCIOUS DESIGN

Help safeguard the planet while protecting your bottom line with the Dell 7130cdn. Duplex printing reduces unnecessary paper usage. The Dell 7130cdn is Energy Star® qualified. According to the US Environmental Protection Agency, Energy Star-qualified products are up to 25% more power efficient on average than conventional models.[3] The Dell 7130cdn has been designed to help reduce the use of materials and hazardous materials. Dell printer users can return toner cartridges to Dell for recycling at no additional cost. Dell also helps customers dispose of old printers and other computer equipment in an environmentally conscious manner. (Recycling options apply to certain western European countries only.)
